ORTHOPEDIC SURGERY

By

Dr. Henry Ling Taylor

Professor of Orthopedic Surgery, Post Graduate Hospital, New York City.

230 Illustrations—Cloth, \$4.00 Net.

Dr. Taylor has been teaching this subject for twenty-five years and his wide knowledge of Orthopedic Surgery, as well as a thorough knowledge of the needs of the general practitioner, makes this work especially valuable. The arrangement is clear, concise and correct in every detail. It is topically arranged and is practically self indexing; a most complete and satisfactory method of locating any desired subject.
